INVITATION

We would like to tackle a topic which concerns every single parent among us: Third Culture Kids. Experts will aim to give an overview on this subject and cover questions such as:

• What does it mean to be a „Third Culture Kid - TCK“?
• What are the risks and advantages of growing up in an intercultural environment?
• And most importantly: How can parents and caregivers support their children?
• How do we develop a deeper understanding of Third Culture Kids and what specific actions can parents take to start supporting their TCKs right away?

We offer this workshop on TCK in cooperation with XIPAT. The experts will provide an in-depth insight into this topic that is so relevant to everyone in our CINT community. We are looking forward to share these experiences with you!

For organizational reasons we kindly ask for your registration on our website by April 1st, 2022. Two days prior to the event, we will send you a link to participate in our virtual session.
